EDUCATION

SVIT College of Engineering, Nashik (SPPU) — Nashik, India
Bachelor of Engineering – Information Technology; CGPA: 9.14 — *Aug 2022 – Present*

PROFILE SUMMARY

- Full Stack Developer specializing in **digital services**, **React/Next.js**, **real-time systems**, and cloud-deployed scalable web products.
- Built consumer and B2B apps with **WebSockets**, notification systems, and mobile-first responsive UX.
- Strong in **API integration**, performance optimization, and reliable backend services for high-availability use cases.
- Pursuing B.E. IT (**CGPA 9.14**) with portfolio of telecom-style portals, delivery platforms, and collaborative tools.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Java, SQL, HTML/CSS
Frameworks: React.js, Next.js, Node.js, Express.js, Tailwind CSS
Tools: PostgreSQL, MongoDB, WebSockets, Git, D3.js
Platforms: Vercel, Netlify, REST APIs, OAuth 2.0, JWT
Soft Skills: User-Centric Design, Adaptability, Communication, Delivery Focus

EXPERIENCE

Freelance Full Stack Developer — Self-Employed — [Portfolio] — *Jan 2023 – Present*
- Shipped **15+ responsive web apps** with real-time features using **Next.js, Node.js, WebSockets, PostgreSQL**.
- Improved Lighthouse performance scores by **30%+** via code splitting, lazy loading, and API caching strategies.
- Integrated third-party APIs, webhooks, and OAuth flows for multi-service digital products.

Full Stack Developer Intern — R3Sys Pvt. Ltd. — *Jun 2024 – Jul 2024*
- Developed modular web features with **JavaScript and Java Servlets** connected to relational backends.
- Enhanced UI responsiveness and form validation for internal service modules.

Full Stack Developer Intern — Calibers Infotech — *May 2022 – Jun 2022*
- Built customer-facing pages with **HTML, CSS, JavaScript, PHP**.

PROJECTS

FEASTO Real-Time Food Delivery Platform | *Next.js, WebSockets, PostgreSQL* | [Live Demo] — *Dec 2024*
- Built consumer ordering app and restaurant dashboard with **live order tracking** and push-style notifications.
- Implemented menu management, revenue analytics, and **order state machine** with PostgreSQL backend.
- Optimized mobile UX with skeleton loaders and **35%+ faster** initial load via route-based splitting.

Digital Service Self-Service Portal | *React, Node.js, REST APIs, D3.js* | [Live Demo] — *Sep 2024*
- Designed customer portal with plan management UI, usage analytics, and support ticket module.
- Applied accessible, cross-device layouts for telecom-style digital service experiences.
- Built REST aggregation layer for dashboard KPIs with cached responses under **500ms**.

High-Availability Task Orchestration System | *WebSockets, Supabase, React, AI APIs* | [Live Demo] — *Jul 2024*
- Developed collaborative Kanban with **microservice-style backend** and real-time subscriptions.
- Achieved stable concurrent editing with conflict-aware updates and sub-second sync.
- Integrated AI assistant for task triage and workload balancing.

CERTIFICATIONS & PORTFOLIO

- Full Stack Project Portfolio – View Portfolio — 15+ deployed web applications across React, Next.js, Node.js, and PostgreSQL.
- Premium Final Year Project Marketplace – View Marketplace — Built and sold production-grade academic projects with real-time and AI features.
- Open Source Contributions – View GitHub — Maintains repositories demonstrating REST APIs, authentication, and cloud deployment workflows.

ACHIEVEMENTS & HIGHLIGHTS

- Academic & delivery excellence: **CGPA 9.14** in B.E. IT while independently shipping **15+ live full stack applications** from concept to production on **Vercel/Netlify**.
- Performance impact: engineered **40%+ faster PostgreSQL queries**, **sub-2-second API responses**, and **¡300ms real-time sync** via indexing, caching, and WebSocket optimization.
- Product ownership: built and scaled a **Final Year Project Marketplace** (View Marketplace) delivering AI-powered, analytics-driven software to paying student clients.
- Global career focus: targeting **Swisscom** as a **Full Stack Developer**; **open to relocation to Switzerland**; fluent in **English & Hindi**; proven in remote Agile delivery and stakeholder communication.
